

Home School style quiz

A homeschool style reflects a family's values, beliefs, and goals regarding education . While there are a variety of different styles the 6 most common styles are: Traditional, Classical, Charlotte Mason, Unit Studies, Unschooling, and Eclectic. Many families discover that no single style fits perfectly, and instead, they create a customized approach by blending elements from multiple styles. By providing you with the links to 3 separate quizzes, my goal is to offer a starting point for those new to homeschooling and a reflective tool for those already on their homeschooling journey. Enjoy your journey!
